NPO on the GO: Accounting Software Pricing

Every registered nonprofit organisation is obligated in terms of Section 17 of the Nonprofit Organisations Act, 71 of 1997, to maintain its financial transaction records accordingly to the standards of generally acceptable accounting practices.

NPO on the GO accounting software is for smaller NPO and NGO type organisations who need to manage this Section 17 compliance. The strict finance and governance management with regard to funding and spending in relation to the various projects of programmes are easily managed in our comprehensive software suite.

NPO on the GO allows you to start with what you need now, and grow and adapt your software system as your needs increase.
